

Bencal Technologies (Pty) Limited

Health, Safety, Environment and Quality Policy Statement

This policy reflects the philosophy and beliefs of the Senior Management Team of Bencal Technologies (Pty) Ltd. It outlines the direction the organization will take to ensure that the standards and performance achieved to date is sustained and improved upon.

Health and safety

We are totally committed to preventing injury and ill health in our workplace and our customer premises. We set objectives and targets and measure our progress against them to continually improve our occupational health and safety management and performance. We at all times comply with our occupational health and safety legal responsibilities and wherever possible implement best industry practice throughout our workplace and our customer premises. Alcohol, drugs and smoking are entirely prohibited in our workplaces. Hygiene and soberness are our top priority.

Environmental

We operate a business that prevents pollution, conserves natural resources and minimizes waste. We comply with all applicable legal requirements and seek to follow environmental best practice at all times. We will strive to continually improve our environmental performance and measure our progress against our set objectives and targets.

Quality

We set appropriate quality objectives and targets throughout the organization to help us continuously improve the effectiveness of the quality management system. Wherever possible, we ensure our customer requirements are fulfilled or exceeded and regularly review our performance against the level of their expectations.

Sinai Mwangomba
Managing Director
